**President of the Portuguese
Federation of Automobile and
Karting Sports**

It is with great pride and enthusiasm that I welcome the Rally 6 Cities – North of Portugal, an outstanding event that once again puts Northern Portugal in the spotlight of European motorsport as part of the prestigious European Rally Championship (ERC).

The union of the six host cities demonstrates the strength of regional cooperation and the positive impact that motorsport has on our economy, tourism, and the international profile of our region. The stages across the North will once again provide the perfect setting where technical demands, passionate fans, and the competitiveness of Portugal's and Europe's finest drivers come together to deliver what we hope will be a unique spectacle.

I am confident that Demopoorto remains committed to raising sporting, organisational, and safety standards across all its areas of responsibility. An event of this scale is only possible thanks to the joint efforts of the local authorities, the organising club, event officials, security forces, volunteers, and sponsors. To all of them, I would like to express my sincere appreciation and gratitude.

I would also like to make a special appeal to all rally fans following the event along the stages: please strictly respect the designated spectator areas and follow the instructions of the authorities and the organisers. Everyone's safety is our highest priority and the key to ensuring that we continue to be an international benchmark for hosting major sporting events.

I wish all teams and drivers every success in the competition!

FAFE, A LAND OF RALLY, AN AMBITION FOR THE FUTURE

Rallying is one of Fafe's strongest symbols of identity. Over the decades, a passion for motorsport has brought generations together, united our community, and carried the name of our municipality far beyond its borders. The Rally 6 Cities – North of Portugal represents another chapter in this story and, above all, a statement of our ambitions for the future.

The return of the European Rally Championship to Northern Portugal is a source of pride and demonstrates what we can achieve when municipalities work together, valuing the resources and identity of each territory.

For the Municipality of Fafe, sport is a priority and a strategic pillar of development. Investing in sport means promoting healthy lifestyles, encouraging participation, creating opportunities, and strengthening a sense of belonging. In the case of rallying, it also means boosting the local economy, stimulating tourism, and raising the international profile of our region.

Fafe is proud to remain a key reference in hosting this event and to maintain a strong partnership with Demopoorto, built on trust and commitment.

To all drivers, teams, organisers, volunteers, and fans, I wish you a great rally, filled with excitement, respect for the region, and, above all, safety.

In Fafe, rallying is part of our history.

Antero Barbosa

**President of the
Municipal Council of Fafe**

Guimarães is establishing itself as a destination for major international events, making its debut in the FIA European Rally Championship (ERC) with the Rally 6 Cities – North of Portugal. Between 23 and 25 October 2026, the birthplace of Portugal becomes the epicentre of world motorsport, transforming sporting adrenaline into a powerful driver of global visibility and territorial promotion.

Hosting this elite competition generates significant appeal, bringing direct value to the local economy and providing a substantial boost to the hotel and restaurant sectors through the arrival of thousands of visitors.

This massive influx of spectators and international teams not only stimulates immediate spending in Guimarães' local businesses but also provides a privileged showcase for promoting the city's image and reputation worldwide. It further consolidates the municipality's position as a leading premium tourism destination, with a proven capacity to host prestigious international events.

The official programme gets underway on Friday, 23 October. Before the engines roar into life, fans will have a unique opportunity to get close to their favourite drivers during the popular autograph session scheduled for the late afternoon.

Immediately following this moment of connection with the public, the official start will take place beside the iconic Guimarães Castle.

The rally convoy will then head towards challenging stages, including the emblematic Penha Mountain stage. It is precisely at Penha that trees will be planted to help offset the event's environmental footprint, demonstrating a clear commitment to environmental sustainability.

The finish will celebrate the overall winners on the final podium at Campo de São Mamede on 25 October.

MUNICÍPIO DE GUIMARÃES

President of the Municipal Council of Guimarães

Felgueiras is joining the Rally 6 Cities – North of Portugal 2026, an international event that showcases our region and promotes our municipality.

We continue to host major competitions because we recognise our enormous potential to expand rallying across Northern Portugal and take it to an even higher level. For Felgueiras, it is important to include both of the municipality's stages in this event: the legendary Seixoso stage and the Santa Quitéria stage, a familiar feature of Rally de Portugal.

The Rally 6 Cities – North of Portugal 2026, part of the FIA European Rally Championship, represents an opportunity to boost the local economy, promote tourism, and showcase Felgueiras' potential, the richness of our heritage, the quality of our gastronomy, and the hospitality of our people.

This event is also an invitation to discover our municipality, its landscapes, its culture, and its ability to host major events.

We invite all motorsport enthusiasts and the general public to visit Felgueiras on 25 October, experience the excitement of rallying, and discover everything we have to offer.

We look forward to welcoming you and making this municipality an even greater destination!
